Concert Program

The Mariachi Extravaganza Vocal Summer Camp is an educational program that helps develop young mariachi students in the area of vocal performance. Students spend 5 days in the Tobin Center for the Performing Arts learning about mariachi music while engaging in group and private sessions led by professional vocalists in the genre. On the fifth day of the program, students showcase their talent in this "Summer Recital", a one of a kind performance that features a mariachi choir and soloists. The Mariachi Extravaganza Summer Vocal Camp is produced by Muñoz Public Relations and works in conjunction with the Mariachi Extravaganza to promote mariachi music education nationwide. The event is supported by The Tobin Center's GenerationNEXT education initiative and funded with proceeds from the annual Mariachi Extravagnza.
